Our Differentiated Approach to Serve Customers

- 1 On the ground teams with local operating expertise located in each of our markets
- 2 Implementing emerging logistics technology to lower operating costs and improve delivery speeds
- 3 Positioning customers for warehousing, distribution and consumption patterns of tomorrow

Sustainability is Integral to How We Operate and Fundamental to Our Success

Moving 100% of operations to renewable energy sources by 2024 and achieving carbon neutral operations by 2025

Partnering with EPA's ENERGY STAR program to improve energy performance and reduce long-term environmental impact

Pursuing green building certifications, investing in new infrastructure and technology
